PJ Gupta Higher Secondary School Ambattur, TN

SSLC, 10th Standard | Percentage: 87.6% April, 2016 – Mar 2017

#### **SUMMARY**

Passionate and Enthusiastic Fresher specializing in Web Development. With a strong foundation in React.js, JavaScript, HTML, CSS, and Bootstrap and Java, I excel in creating dynamic, user-friendly web applications. My hands-on experience with modern web technologies, along with API integrations, demonstrates my ability to build and manage robust software solutions. Committed to continuous learning and driven by a love for coding, I am eager to bring my technical skills and creativity to a professional development team.

#### **TECHNICAL SKILLS**

Languages & Frameworks: ReactJS, Javascript, CSS, Bootstrap, PHP, Java

Databases & Tools: GIT, MySQL, MongoDB, Canva, Figma

# **Internships**

#### **CodTech IT Solutions, Hyderabad**

Oct, 2024 – Nov 2024

# **E-Learn: Online Learning Platform**

An interactive platform where students can enroll in courses, watch video lessons, and take quizzes, while instructors can upload course materials and create assessments. It features a responsive design, user authentication, and a dynamic quiz system with progress tracking. Hosted using free-tier tools, it ensures accessibility and scalability.

# iNeuron Technologies, Bengaluru

Sep, 2024 – Oct 2024

# **Cakey: Online Cake Order Application**

A custom-built web application for ordering cakes online, designed to provide a seamless user experience. It features dynamic cake catalogs, customization options (flavor, size, and message), and a secure checkout process. With responsive design and intuitive navigation, it simplifies the cake ordering process while showcasing my full-stack development skills.

# Projects

# **iMovies - Movie Serch Application**

A dynamic and user-friendly movie search application built using React.js that allows users to explore movies effortlessly. Providing detailed information about movies, including titles, posters, release years, genres, and plot summaries. Key features include responsive design and interactive design.

**CERTIFICATIONS**: FULL STACK DEVELOPMENT | JAVASCRIPT | JAVA DEVELOPER
